Good morning Brian/Aaryn

Please let me know if we need a call to discuss. Or if you have any other suggestions on how we should respond.

Thanks
keriema

Keriema,

Thanks for reaching out. DEQ and DHHS have been coordinating to prepare for the anticipated EPA announcement. We have drafted the attached talking points document with a list a questions that the public will likely ask. We have also prepared responses to these questions, and welcome your team's feedback on these talking points.

Please let me know if you'd like to schedule a call to discuss, but welcome edits to the document if that would be easier. Thanks again.

Sushma

Good morning Sushma

Following up on our call (between R4, NCDEQ, and DHHS) held on February 22nd regarding communication coordination on the impending HAL for GenX, one of the follow-up items was that NC would share specifically with the region questions that you all would want the region to raise directly to Office of Water as they prepare communication materials. In anticipation of the Spring announcement, please share any specific requests as soon you are able to.

Thank you,
keriema
